

6th European Congress on Radiation Protection

30 May – 3 June 2022
Budapest Congress Centre / Budapest, Hungary

Dear Colleagues,

We believe that the pandemic will flatten out again by the end of May, so we can meet in person. But we know the decision has to be made much earlier - we want to lend a helping hand!

The IRPA2022 goes hybrid!
Buy your ticket now and decide later if you can come personally or would prefer to stay online!
The tickets are convertible - for more please visit our website.

Early bird tickets are still available for the IRPA Congress until February 15th, you can still get one!

Four parallel sessions, workshops and competitions, refresher courses, technical site visits and social events are awaiting for you at IRPA 2022.

Radioactivity monitoring Regulation
Medical applications Other Radiation Protection
Radiobiology Standardisation
Personal dosimetry Radioecology
Education and training
Industry&NPP Radioactive waste management
Emergency monitoring and geological disposal
Measurement NORM&Radon
Social sciences and humanities NIR: Non-ionising radiation

You missed all the abstract submission deadlines?
No worries, you still have a chance to present!

Late Poster Submission Deadline: February 15 for the IRPA2022 -
we are looking forward to receiving your scientific works.

Register and submit your abstract NOW!

Hint: if your colleagues would attend the congress,
take advantage of our group discount!
